Details and Instructions

The assessment of your interview skills focuses on your interview preparedness and ability to articulate your ideas in an interview context. As a student and as a future professional, you will be required to participate in many interviews. You will respond to a wide variety of questions in these interviews. In doing so, you need to be able to describe yourself and how your experience, knowledge, and skills are beneficial to an organization.

Assessment in Brief:

You should treat it like a real interview from start to finish. You are expected to demonstrate professionalism, such as arriving on time, not having phones/devices/lots of bags with you, and behaving/speaking politely (see rubric for details).

- It is an individual assessment
- The assessment is face-to-face/ In person (not online)
- The time allotted: 3-5 minutes
- The teacher interviews students individually
 - In certain cases, a third person may be in the room, if necessary and appropriate
- The interview is audio recorded on BB Collaborate. Other teachers will listen to the recording as part of the grading process.
- Key language (as referred to in the rubric) is grammar from Self Study 1 and 2 and key language from Unit 2.

Prepared Questions:

Questions: Your teacher will ask you questions from the categories listed below, time permitting.

Question 1 is mandatory for all teachers to ask/students to answer.

Question 2 is mandatory for all teachers to ask/students to answer.

Other questions: Your teacher will select and ask more questions from the following list, time permitting. Additionally, your teacher may ask follow-up questions to help you extend your answers (e.g. *Can you tell me more about that? Can you give me an example of that? What did you do in that situation?*)

Your teacher will not tell you which questions they are selecting before the interview.

Question 1: Mandatory

1. Tell me about yourself.

Question 2: Mandatory

2. From the study skills (*self-paced study skills on BB*) you worked on during the LSC1503 course, which one might be the most useful to your future job? Can you give an example of how you might use it in a professional situation?

Question 3, 4: Teachers Choice (*time permitting*)

Self-description/Reflection Questions

- 3a. What are your strengths and weaknesses?
- 3b. Do you like working independently or in teams? Why/Why not?

Behavioral Questions

- 3c. Tell me about a time when you worked in a team. What was challenging? What did you enjoy?
- 3d. Tell me about a time when you had to explain something difficult to a coworker or classmate. How did you make sure they understood?
- 3e. Tell me about a challenge/conflict you had and how you dealt with it.

Future Questions

- 3f. How is your education and college experience preparing you for work?
- 3g. What type of things do you like learning or doing in college? Why?
- 3h. What would you like to do professionally after college? Why?

Examples of Follow Up Questions:

- *Can you tell me more about that?*
- *Could you repeat that?*
- *Could you say that in a different way?*
- *Can you give me an example of that?*
- *What did you do in that situation?*

How to prepare

Here are some general tips on how to prepare. These all connect with the rubric, which you will read in detail later.

- **Integrity and self-reflection:** Answer honestly and take the time to reflect on yourself and your experiences. If you have never had a job and have just started HCT, do not worry. You can use real examples from school projects and competitions. Show the best of who you are and shine.
- **Be prepared:** You already have the questions. You should prepare all of them as you will not know which ones your teacher will pick. You should take time to work on your answers and practice them. However, do not memorize them word for word, otherwise you will sound over-rehearsed/robotic. You want to sound natural as you answer.
- **Practice:** practice by recording yourself. Practice with a friend- they can also practice giving peer feedback to you.

How to answer the questions:

- **Organization:** In preparation, organize your ideas and answers. Make sure the organization of your ideas helps you answer clearly and fully.
- **Depth:** Give explanations / examples of what you mean. Take your time, give details, and make your answer come alive so the interviewer can picture it in their head. The examples will also allow you to show a fuller picture of who you are and what you can do.
- **Key Language and Correction:**
 - Think of interesting and appropriate language to use to express yourself: go through the LSC 1503 Key Language List, Nearpods, and Grammar Self-Study. Select language and make sure you can use it and say it correctly.
 - If you make mistakes or have issues, correct yourself. If this happens once or twice, this will not affect your grade. For example, you can use any of the confidence strategies to help you (e.g. brain-body connection techniques; phrases to give you time; turning a hesitation into a pause etc.).
- **Non-verbal communication:** think about appropriate posture, gestures, voice etc. Use non-verbal communication in the interview to help you stay calm, confident, and to actively listen/stay engaged (see rubric).

Teacher Comments on CLOs (Course Learning Outcomes)

Teachers will provide feedback on your strengths and areas you can improve after the assessment after the grades are released (this may be two weeks after the assessment). This feedback is integral to your improvement, HCT CBE/5E approach, and the Quality Assurance system.

Assessment Attendance Guidelines:

Your teacher will inform you about the date and time of your assessment. You need to be present on time for the assessment.

Missed Assessment:

If you miss the assessment, you need to apply for a makeup through your Campus Committee and present a valid reason and appropriate documentation. If you are approved, contact your teacher to arrange a makeup.

Interview Rubric

	Outstanding competency	Competent with distinction	Competent with merit	Competent with satisfaction	Minimally competent	Not yet competent	Not yet competent	No attempt
	100%	90%	80%	70%	60%	40%	20%	0%
TASK ACHIEVEMENT: QUALITY OF SPOKEN CONTENT. Demonstrates competency through professional responses to questions, appropriate to student's age and experience. Responses have depth and insight, as shown through examples. Rapport and listening contribute to appropriate responses. 40% Weighting	Gives extremely well-thought out, relevant responses in all answers. Meaningful and true examples are given to support and extend response. Consistently demonstrates active listening by providing clear, accurate, and relevant responses. While well-prepared, no evidence of memorization/over-rehearsal is evident. Responses are given naturally and show strong professional competence.	There is a high standard of well-thought out, relevant responses in almost all answers. Meaningful and true examples are given to support and extend response. Active listening demonstrated through highly appropriate responses. While well-prepared, little evidence of memorization/over-rehearsal is evident. Responses are mostly given naturally and show strong professional competence.	Gives generally well-thought out, relevant responses in answers. Some meaningful and true examples are given to support and extend response. Active listening is demonstrated through generally appropriate responses. While well-prepared, there may be some evidence of memorization/over-rehearsal Many responses are given naturally and show an emerging professional competence.	Gives reasonably prepared, short and relevant responses. Examples are given to support response. Active listening demonstrated through some appropriate responses. Prepared but with some evidence of memorization/over-rehearsal	Gives minimally adequate and relevant responses but could be extended. There may be a few examples given to support response. However, they could be irrelevant or not clear. There is some active listening demonstrated, but answers tend to be short and not developed enough. Minimally prepared but with some evidence of memorization/over-rehearsal	Little evidence of preparation and/or relevant responses. Examples are either irrelevant or not detailed. Minimal evidence of active listening through inappropriate responses to questions. Evidence of memorization or over-rehearsal	The attempt isn't sufficient enough to demonstrate any competencies.	No attempt
TASK ACHIEVEMENT: Professionalism Demonstrates professionalism through punctuality, preparedness, appropriate clothing, polite and appropriate language. 10% Weighting	Demonstrates exceptional professionalism for the interview through 1) punctuality 2) dressing appropriately (e.g. national dress, more formal clothing, uniform for lab/clinic) 3) being polite (i.e. saying good morning/thank you).
